Oversize prices include basic file prep and rip. We also often include minor image adjustments; i.e. red-eye reduction, color adjustment and scratch removal.

Any major image manipulation or correction would be considered hourly design work. CAD files must be print-ready.

What is Square Footage (sq/ft)

Multiply inches tall by inches wide, then divide by 144.

Size Examples:

18" x 24" = 3 sq/ft • 22" x 28" = 4 sq/ft • 24" x 36" = 6 sq/ft

Stretched Canvas Prints

We use high-grade gallery canvas

Stretched Canvas Includes: file preparation, rip, custom stretcher bars, and stretching. We also include minor image adjustments, i.e. red-eye reduction, color adjustment and scratch removal.

Custom Vinyl

**Auto Graphics • Vehicle Identifiers • Store/Window Signs • Wall Menus
Outdoor Signage • Banners • Custom Paint Stencils • Decorative Graphics**

Most vinyl is priced on a per-job quote basis.
Auto Ads & Magnets start as low as \$60.

We enjoy a challenge and we will cut graphics that others say can't be done.

We do a per job price on vinyl instead of a per letter cut price. This saves you money.
